The Vintage Pro delivers the keyboard sounds that defined popular music in the '60s, '70s and '80s in a single rackspace. From the venerable Hammond B-3 organ and Wurlitzer EP to legendary analog and digital synthesizers like the ARP 2600 and CP70, the Vintage Pro SoundFont gives you an all-in-one, no-compromise collection of over 30 classic keyboards meticulously sampled from the finest vintage instruments available.

Also available:

www.DigitalSoundFactory.com has exclusive license to re-master existing instrument libraries created for E-MU and Creative platforms, and to create brand new libraries from recording sessions that have never been published. DSF libraries provide the opportunity to experience these world-renowned sounds on your computer.
